

MSG[®] TURBO-AIR[®] COOLED 2000 Centrifugal Air Compressor

The MSG TURBO-AIR COOLED 2000 is a great match for almost any location and conditions. The air-cooled design eliminates the installation restrictions and the utility costs associated with water-cooled units by removing the cost of pumping and treating water, and maintaining the water system.

Features

RELIABLE CENTRIFUGAL COMPRESSOR NOW AVAILABLE AIR COOLED

The MSG TURBO-AIR COOLED 2000 centrifugal compressor is designed for applications where there is a limited supply or no water available for cooling.

The MSG TURBO-AIR COOLED compressor makes it possible for more industries around the world to enjoy all the advantages of our state-of-the-art centrifugal compressor design.
