

## Twin Stack Small Portable Reciprocating Air Compressor 2 hp

The Ingersoll Rand oil-lubricated Twin-Stack reciprocating air compressor is designed to provide power, durability and portability on the job site or for DIY projects. From interior trim and finish to roofing and decking, the twin-stack can do the job. Built to last, the compressor features a durable cast-iron cylinder designed for the toughest 100% continuous-duty applications. The Twin-Stack compressor package comes standard with two 1/4 inch universal couplers, front panel-mounted regulator and pressure gauge, 4 gallon twin tanks, All Season Select lubricant and a power cord.

### Features

- **Portable Design:** Lightweight, ergonomic design for easy handling, ideal for DIYers or the professional
- **User Friendly:** Easy to operate front panel and a low 79 dBA noise level provides a superior user experience
- **Maximum Power and Flexibility:** 100% continuous duty, two quick disconnect couplers enable you to run multiple tools simultaneously
- **Reliable Operation:** All Season Select synthetic lubricant increases efficiency; with 2,000 hours of service between changeouts, it performs four times longer than petroleum-based lubricants
- **Long-Life:** Durable cast iron cylinder, protective back shroud, enclosed frame and extended pump life provide excellent longevity
